INTERNATIONAL TRAINING / SEMINAR / WORKSHOP ON MATHEMATICS WITH THE THEME: "ASSESSING LEARNING OUTCOMES IN MATHEMATICS"

December 27, 2015

MINELLA C. ALARCON

CHED Commissioner

Higher Education Development Center (HEDC) Building

C.P. Garcia Avenue, UP Campus,

Diliman, Quezon City 1101

Madam:

The Philippine Professional Linkage from Various Discipline, Inc. will conduct an **International Training / Seminar / Workshop on Mathematics with the theme: "Assessing Learning Outcomes in Mathematics on January 22-24, 2016 at Consuelo Hotel, Lingayen, Pangasinan.**

I. **Rationale:**

People are changing and so business does. This is usually the observation of people. You may ask what are some of the more important factors during this change. First is the way in which business is transacted. Technology – the internet, new methods of communication faster and more customized manufacturing and so on. And the breadth of the playing field in which business takes place is increasing enormously. And another is that consumer expectations are changing and they are more becoming demanding. And so does with the employees. They expect more from work and want to contribute in different ways.

People think about leadership styles they would like to develop and what they would like to see in their hierarchical superior. The successful leader of the future is one who can create systems that bring into being organization that command deep allegiance from employers and from others who interact with the organization.

II. **Date & Venue: January 22-24, 2016 at Consuelo Hotel, Lingayen, Pangasinan**

III. **The Seminar Aims to:**

1. To know the strategies in assessing learning outcomes in math which is globally practiced.
2. To Analyze and evaluate the strategies in problem solving like our Asian counterparts.
3. To introduce the different interventions in the learning gaps in mathematics.

IV. **The Seminar Topics are:**

1. The Strategies in Assessing Learning Outcomes in Math That is Globally Practiced.
2. Analysis and Evaluation on the Strategies in Problem Solving.
3. Interventions in the learning gaps in mathematics.
4. Demonstration Teaching Workshop
